**Director's Note**

This past year has been the most difficult year of everyone's life, so our goals were very simple this year: get back onstage in person and pick a show that will make everyone laugh. I am happy to say we achieved one and hope to achieve the other tonight. There is not enough space to thank everyone who made this production possible, and I will do my best to thank you all individually. I must shout out our POPS (Parents of the Players) for enabling your children to do this production safely and for physically getting them to rehearsals. But most importantly, I must applaud the dedication of these amazing students who went from 3 months of completely virtual, Zoom rehearsals to putting a show on its feet in 2 weeks. I am in awe of your talent and dedication. We have taken this crazy, kooky ride together and proven that "it's family first and family last and family by and by." We made it, and I'm beyond proud of all of you.

-Ms. Winters
